WHERE DO YOU FIND YOUR ENERGY?

# energy

It's the best word to describe not just your business, but also Sadler Law Firm. We know the energy industry from inside and out. And we bring the energy to tackle your toughest problems and solve them.

Sadler Law Firm devotes its multistate practice exclusively to the legal concerns of energy companies in the following areas:

- + Exploration
- + Production
- + Exploitation
- + Development
- + Acquisitions
- + Divestitures
- + Disputes

For three decades, we have addressed the challenges of the energy industry. Our experience will guide you across the rough spots on your road to success.

## The energy of a dynamic team of lawyers on your side.

Sadler has the depth and the oil and gas experience to handle all of your legal requirements, from land management and title examinations to energy transactions of every size.

You can call on a team of lawyers who bring industry experience including:

- + In-house/corporate counsel
- + Field and company landmen
- + Litigators with boutique firms
- + Corporate governance with small to large independents
- + Finance

Sadler lawyers have represented clients with respect to oil and gas properties and lands situated in more than 120 Texas counties, as well as in Arkansas, Colorado, Kansas, Louisiana, Mississippi, Montana, New Mexico, North Dakota, Ohio, Oklahoma, Pennsylvania, Utah, West Virginia, Wyoming and offshore. Presently the firm is representing clients in the Appalachian, High Plains, Gulf Coast, Mid-Continent, Permian Basin and Rocky Mountain regions.

## Effective. Efficient. Energetic.

At Sadler, we have invested considerable energy to bring you highly cost-effective legal advice that enables you to conduct business efficiently.

We assist you in your oil and gas operations by providing legal advice—without imposing unnecessary constraints. We focus on the matters that have the highest impact on your operations.

We have created efficiencies in our processes by paying close attention to their components, streamlining them wherever possible. We never stop evaluating how we can represent your interests in ways that are more efficient and cost effective.

You can count on Sadler to respond quickly and decisively to your questions. We focus on creating solutions.

## Energy transactions. Opinions. Advice.

Sadler has assisted in the acquisition of oil and gas properties with values in the billions:

- + Producing properties
- + Pipeline assets
- + Nonproducing prospects

Providing legal opinions for:

- + Drilling
- + Division order
- + Financing

Advising you in:

- + Acquisitions & Divestitures
- + Operations
- + Disputes

Look to Sadler for oil and gas transactions, opinions and advice to fuel your success.

## The energy behind the energy industry.

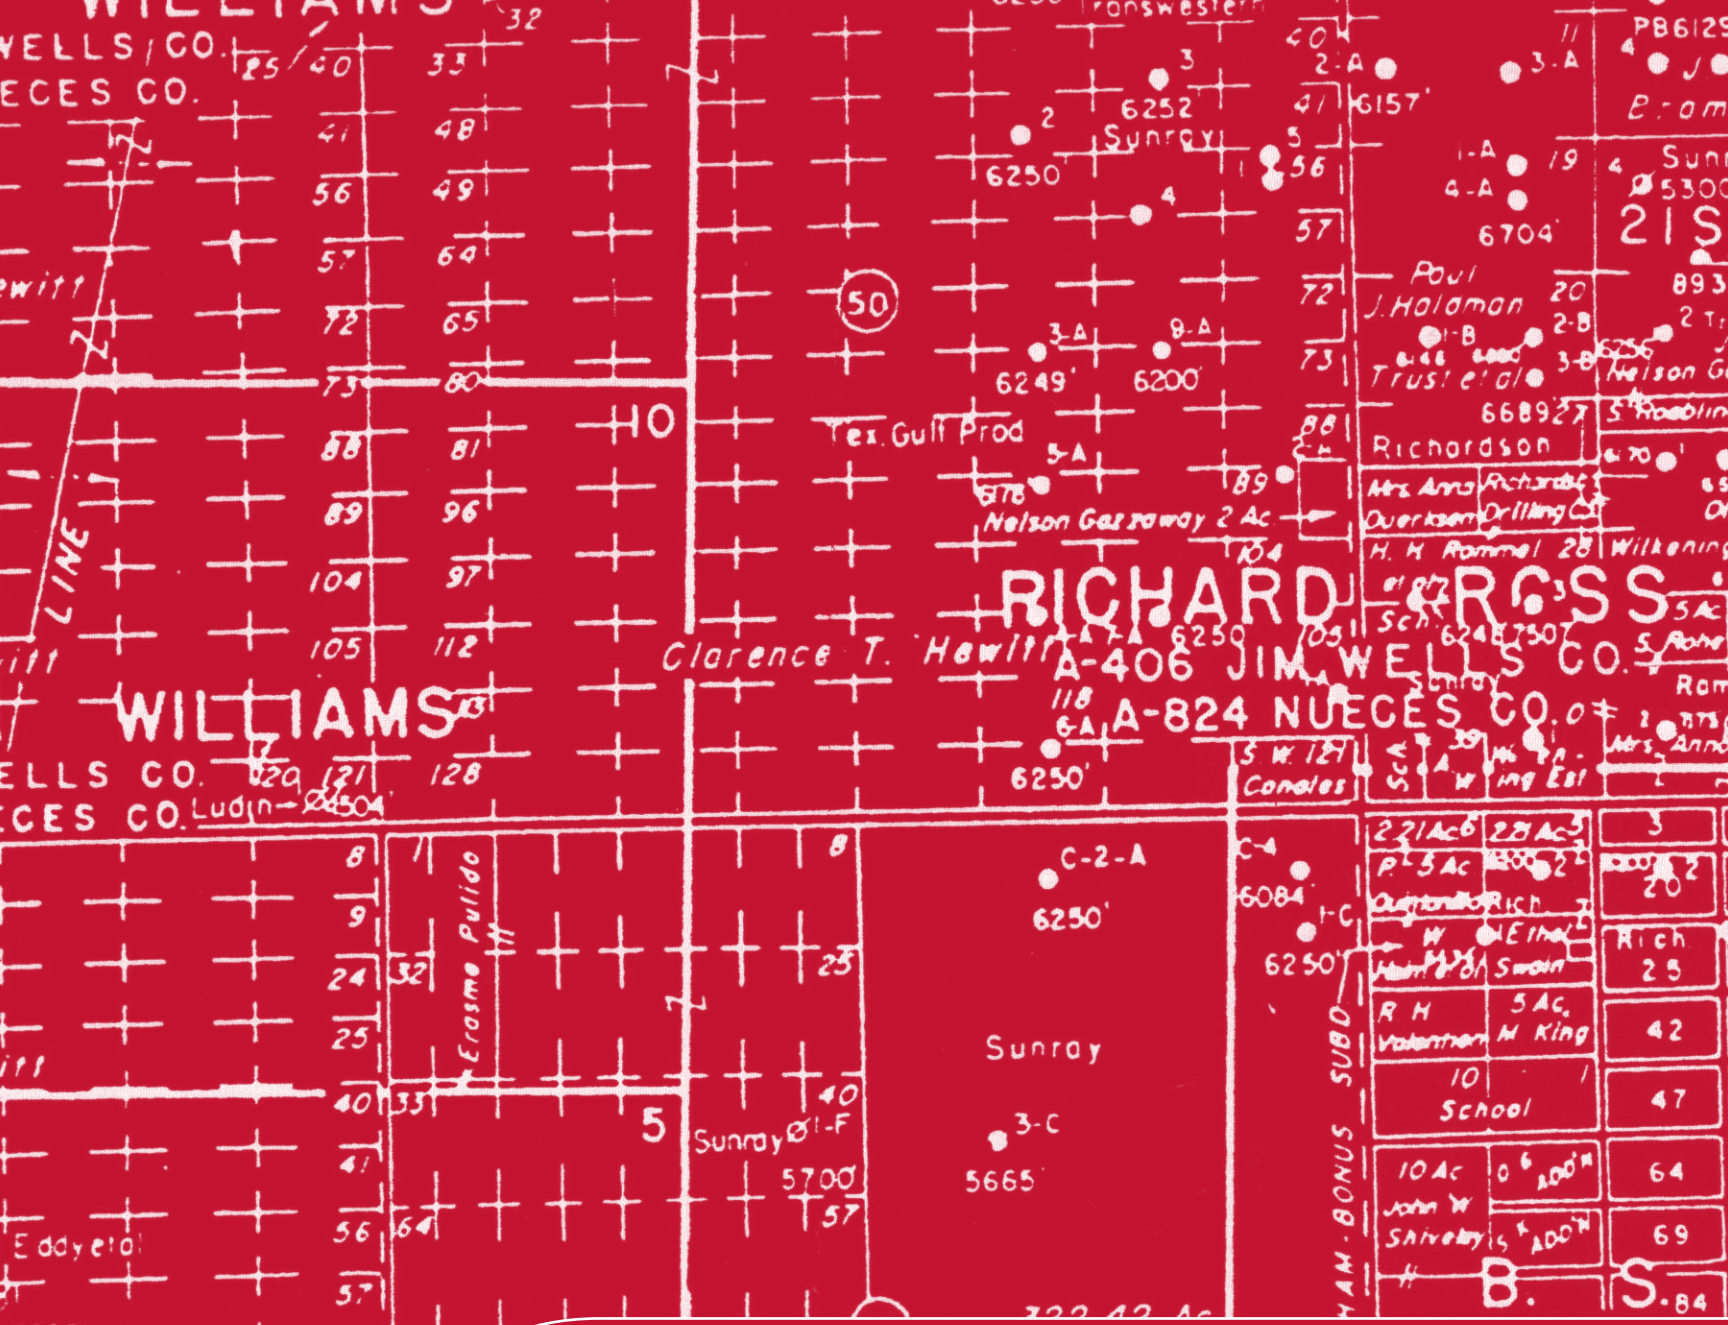

Sadler offers you youthful energy and flexibility, coupled with seasoned experience in the energy industry.

Within every opinion, within every contract, within every negotiation—Sadler provides the working knowledge that supports your efforts.

It's a powerful combination of legal knowledge and common sense to address the practical needs of your business.

The energy of people and knowledge.
